Is this project claiming a "parking area" exemption as this project claiming a "ground floor porch" exems Is this project claiming a "basement" exemption as a strict of this project claiming a "habitable attic" exemption Is a sidewall articulation required for this project? You Does any portion of the structure extend beyond a second control of the structure extend beyond as second control of the structure extend beyond a second control of the structure extend beyond a second control of the structure extend beyond a second control of the structure extends the second control of	ption as de lescribed u as describ N	escribed under Article oed under A	der Article3? Y le 3? Y N Article 3? Y N		

Parking Area exemption: Up to 450 square feet of a parking area may be deducted if it is a detached rear parking area that is separated from the principal structure by not less than 10 feet; or attached by a covered breezeway that is completely open on all sides, with a walkway not exceeding 6 feet in width and a roof not exceeding 8 feet in width; or a parking area that is open on two or more sides, if: it does not have habitable space above it; and the open sides are clear and unobstructed for at least 80% of the area measured below the top of the wall plate to the finished floor of the carport. Up to 200 square feet may be deducted if it is an attached parking area used to meet the minimum parking requirement; or a garage that is less than 10 feet from the rear of the principal structure, provided that the garage is either detached from the principal structure; or attached by a covered breezeway that is completely open on all sides, with a walkway not exceeding 6 feet in width and a roof not exceeding 8 feet in width. An applicant may receive only one 450-square foot exemption per site under Article 3. An applicant who receives a 450-square foot exemption may receive an additional 200-foot exemption for the same site under Article 3, but only for an attached parking area used to meet minimum parking requirements.

**Ground Floor Porch exemption:** A ground floor porch, including a screened porch, may be exempted, provided that the porch is not accessible by automobile and is not connected to a driveway; and the exemption may not exceed 200 square feet if a porch has habitable space or a balcony above it.

**Basement exemption:** A habitable portion of a building that is below grade may be exempted if the habitable portion does not extend beyond the first-story footprint and is below natural or finished grade, whichever is lower; and it is surrounded by natural grade for at least 50% of its perimeter wall area and the finished floor of the first story is not more than three feet above the average elevation at the intersections of the minimum front yard setback line and the side property lines.

Habitable Attic exemption: A habitable portion of an attic may be exempted if: 1. The roof above it is not a flat or mansard roof and has a slope of 3 to 12 or greater; 2. It

s fully contained within the roof structure; 3. It has only one floor; 4. It does not extend beyond the footprint of the floors below; 5. It is the highest habitable portion of building, or a section of the building, and adds no additional mass to the structure; and 6. Fifty percent or more of the area has a ceiling height of seven feet or less.

# Acknowledgments

Is this site registered as the owner's homestead for the current tax year with the appraisal district? Y N

I understand that in accordance with Sections 25-1-411 and 25-11-66 of the Land Development Code (LDC), non-compliance with the LDC may be cause for the Building Official to suspend or revoke a permit and/or license. I understand that I am responsible for complying with any subdivision notes, deed restrictions, restrictive covenants and/or zoning conditional overlays prohibiting certain uses and/or requiring certain development restrictions (i.e., height, access, screening, etc.) on this property. If a conflict should result with any of these restrictions, it will be my responsibility to resolve it. I understand that, if requested, I must provide copies of all subdivision plat notes, deed restrictions, restrictive covenants, and/or zoning conditional overlay information that may apply to this property. I acknowledge that this project qualifies for the Site Plan Exemption as listed in Section 25-5-2 of the LDC. I understand that nothing may be built upon or over an easement. I further understand that no portion of any roof structure may overhang in any public utility or drainage easement. I acknowledge that customer will bear the expense of any necessary relocation of existing utilities to clear this driveway location and/or the cost to repair any damage to existing utilities caused during construction. I agree that this application will expire on the 181st day after the date that the application is filed if the application is not approved and an extension is not granted. If the application expires, a new submittal will be required and compliance with current code may be **required.** I hereby certify that to the best of my knowledge and ability, the information provided in this application is complete and accurate. I further acknowledge that, should any information contained herein prove incorrect, the building official may suspend or revoke any resulting permit and/or license. I also understand that if there are any trees greater than 19 inches in diameter located on the property and immediately adjacent to the proposed construction, I am to schedule a Tree Ordinance review by contacting (512) 974-1876 and receive approval to proceed. Tree protection is required per Section 25-8-603. Erosion and Sedimentation Controls are required per Section 25-8-181. I acknowledge that a sidewalk will be required on any new construction of a single family, two-family or duplex residential structure and any addition to an existing building that increases the building's gross floor area by 50 % or more. I acknowledge if my plans are subject to a technical review it will not be construed to be a permit for, or an approval of any violation of any of the provisions of the current adopted building codes or another ordinance of the City of Austin. Applicant's signature:

# **APPLICATION PROCESS**

## Remodel/Repair - Single and Multi-Story

This process is applicable to interior remodel/repair projects where no additional square footage is being added to or demolished from the exterior of the structure.

#### **Application Requirements:**

- a) Completed Application
- b) Owner's Authorization Letter
- c) Certified Tax Certificate
- d) Prerequisite Review Austin Water Utility Service Plan Application (if applicable)
- e) Permit Exhibits
- 1. Plot Plan
- 2. Floorplan(s)

#### Single Story - (New Construction, Addition, Addition/Remodel)

This process includes single-story projects where height does not exceed 20 feet.

## **Application Requirements:**

- a) Completed Application
- b) Owner's Authorization Letter
- c) Certified Tax Certificate
- d) Prerequisite Reviews (if applicable)
- a. Electrical Service Plan Application
- b. Austin Water Utility Service Plan Application
- c. Tree Review
  - d. Demolition/ Historic Review e) Permit Exhibits
- 1 Plot Plan
- 2 Floorplan(s)
- 3 Exterior Elevations Front, Rear and Sides including high, low and average elevations at grade and building height.

## Multi-Story - (New Construction, Additions, Addition/Remodel)

This process includes multiple-story projects as well as single story projects that exceed 20' in height.

## **Application Requirements:**

- a) Completed Application (property owner must sign the application)
- b) Owner's Authorization Letter
- c) Certified Tax Certificate
- d) Letter from the property owner authorizing the agent processing the permit.
- e) Prerequisite Reviews (if applicable)
- a. Electrical Service Plan Application
- b. Austin Water Utility Service Plan Application
- c. Tree Review
  - d. Demolition/ Historic Review f) Permit Exhibits
- 1 Plot Plan
- 2 Floorplan(s)
- 3 Exterior Elevations Front, Rear and Sides including high, low and average elevations at grade and building height.
- 4 Setback Plane Compliance Plan
- 5 Exemption Exhibits (attic exemption and/or basement exemption, if applicable)

# ADDITIONAL INFORMATION

# Permit Exhibits (2 full size sets, 1 reduced set – all sets must be to scale)

2 full-size sets, which may be any size up to 24" X 36" drawn to a standard scale noted on the exhibits. 1 additional set must be either 8.5" X 11" or 8.5" X 14" drawn to a standard scale noted on the exhibits.

#### **Plot Plan**

Plot Plans must be drawn to a standard scale and are to include (but are not limited) to the following items: property address and legal description, north arrow, drawing scale, trees over 19", property line, building lines for both existing and proposed improvements, easements, setbacks and roof overhangs. *Please refer to the attached graphic for more information*.

## Floorplan(s)

Floorplans must be drawn to a standard scale and are to include (but are not limited to) the following items: drawing scale, room labels, wall measurements, ceiling heights, door and window schedule, smoke detector locations, dimensioned locations of new plumbing fixtures, handrail/guardrail locations and room square footages. *Please refer to the attached graphic for more information*.

#### **Setback Plane Compliance Plan**

A separate exhibit must be submitted showing topographic elevations on 1-foot intervals on the property, including the top of foundation spot elevation and intersections of the property boundary with the building line segments per Subchapter F, Section 2.6. *All topographic information must be prepared and sealed by a Texas-registered professional land surveyor.* 

## Non-complying Structures (applicable to all work types)

A separate exhibit must be submitted showing the existing building footprint location in relation to the property boundaries and required setbacks. Exterior walls and supporting structural elements must be clearly labeled and dimensioned showing walls to be removed per Land Development Code Section 25-2-963.

## **Setback Averaging**

If using setback averaging, one copy of the Contextual Site Plan showing four adjacent properties with location of existing buildings and existing front yard setbacks identified for front yard setback averaging per the provisions of Subchapter F, Residential Design and Compatibility Standards, Section 2.3.

Surveys must be provided by a Texas-registered professional land surveyor showing existing buildings and existing front yard setbacks.

## **Design Professionals**

For any project exceeding 20 feet in height within the Subchapter F boundaries, all permit exhibits must be sealed and signed by a Texas-registered architect or certified building designer (National Council of Building Designers or Texas Institute of Building Design).

## **Technical Review**

Any permit exhibits <u>not</u> sealed and signed by a Texas-registered architect or certified building designer will be subject to a limited technical review. The technical review is not intended to be exhaustive of all possible building code requirements.

**Floodplain Review** – Properties within 150 horizontal feet of the 100-year floodplain are subject to review to ensure compliance with City floodplain regulations. Visit the City's website (austintexas.gov) or the Development Assistance Center to verify the floodplain location. If floodplain review is anticipated, please include any additional supporting information available such as elevation certificates and/or surveys.

**Localized flooding** – If there is a storm drain inlet or pipe, drainage ditch, or drainage easement on or near the property or the property is at the low point of a roadway, there may be a chance of flooding from the local drainage system. The proposed development cannot cause additional flooding on other property nor have an adverse impact on the existing local drainage system. Contact the Development Assistance Center for more information.
